

OCIBAR WINS THE PUBLIC BID FOR MAHON NORTH SHORE MOORING MANAGEMENT

May 2009. - The Balearic Port Authority has awarded the Mahon North Shore moorings' management to Ocibar, S.A. The concession is for 14 years and a total of 442 moorings.

Moorings distribution:

TYPE	LENGTH	BEAN	TOTALS
A	5,00	2,25	9
B	7,00	2,80	93
C	10,00	3,70	192
D	12,00	4,30	27
E	15,00	5,00	73
F	18,00	5,50	26
G	20,00	6,00	12
H	25,00	7,00	10
		TOTALS	442

The offer presented by Ocibar has been the best valued by the Balearic Port Authority Technical Committee, for being adjusted to bid rules, feasible and environmentally friendly.

The Project includes mooring and pontoon renovation and improvement works

Ocibar will shortly establish an office in Mahon from where all the requests will be dealt with and mooring rental will be managed. The project also considers a free boat shuttle to join the floating pontoons and "s'altra banda" with the city.

The rate proposed by Ocibar for long term mooring rentals for boats of under 7 meters in length is 0,01€/Sq.Mt./day and, although the exact date that the concession will be effective is unknown, the intention is to honour the commitments acquired before the Port Authority's decision was made final, concerning mooring rentals for summer 2009.

The manager of Ocibar, Isabel Teruel, has expressed her satisfaction with the decision, and has assured that "it will contribute in improving the Mahon Port north area and will fulfill the users' expectations".

Ocibar is a Majorcan company created in 1989 that manages Ibiza Magna and Port Adriano marinas. In October 2007 the latter started an important enlargement project that will allow, from May 2010, to moor yachts of up to 60 meters in length and will become to one of the most important marinas of the Balearic Islands. This ambitious project enjoys the collaboration of Philippe Starck, who has designed the new commercial and service area.
