

**PORT
ADRIANO**

Port Adriano hosts the first 'Mallorca Superyacht Days'

- **About 30 sailing and motor boats measuring over 24 metres long will be on display at Port Adriano**
- **This is the first event for selling and letting superyachts to be organised in Spain**
- **Burgess, Camper & Nicholsons International, Dahm International, Fraser Yachts, Northrop & Johnson and Ocean Independence are taking part in the show**
- **Admission is solely by personal invitation, issued to their customers by the companies taking part**

Mallorca, February 2012.- From April 28 to 30, 2012, the first 'Mallorca Superyacht Days' will take place at Port Adriano. The event will be attended by the island's main yacht brokers.

For 3 days about 30 superyachts for sale or rental will be on show. This is the first time that a group of highly prestigious international companies, such as Burgess, Camper & Nicholsons International, Dahm International, Fraser Yachts, Northrop & Johnson and Ocean Independence, have united to present their catalogue of superyachts.

Port Adriano's new installations, which possess all the services superyachts require, are the perfect setting for hosting this event.

Just 30 minutes by car from Palma de Mallorca, Port Adriano is one of the Mediterranean's most select marinas for yachts and superyachts, with a total mooring area of 25,000 m² y 82 berths measuring from 25 to 60/80m.

As well as 10,000 m² of repair areas, Port Adriano also possesses a dry-dock equipped for superyachts, with a 250-tonne travel-lift and workshops that can handle the size of these boats. In addition, it has a shopping area with prestigious international brands, which was designed by Phillippe Starck.
