Port Adriano Short Film Contest

Port Adriano organizes a short film production contest, for video art, short video and musical video clips filmed within the port facilities, with the following terms:

I-Formats and themes

The inscription is free of charge.

The length of the videos or short films has to be of a maximum of 5 minutes, including the credits titles.

The theme and style are free, being the main requirement that at least 50% of the movie-line has to take place within Port Adriano, both inside and outer areas, inside a shop, restaurant or boat. In any case Port Adriano has to be identified. If the recorded images are from inside a boat, restaurant or shop, it has to be clear enough that it is within Port Adriano. Should you go for an animated, 3D or graphic animated movie, it does not count as a part of Port Adriano shoot, unless the animations are specifically related to Port Adriano's identity. The beaches next to the Port and the Port Adriano Hotel, don't belong to Port Adriano, so they are considered out of the Port.

It is permitted that up to 50% of the film is recorded in other locations, except any other port or marina. Also any video that refers explicit to other brands/products, in images or story lines, will not be admitted.

The films cannot be of a theme that promotes inadequate conducts (sexism, violence, racism, homophobia...). The jury will dismiss of the contest those films are inadequate for the universal public or that are harmful for Port Adriano's image.

The criteria is: originality and creativity, script, interpretation and technique.

It will also be valued those films that show a new "view" of Port Adriano and it will add up the relation between the global quality and technical resources. The films have to be unpublished and not have been filmed prior to this contest announcement.

We recommend that the films/videos are optimized in digital format in HD quality at least, 16:9 (1920x1080p), 25 frames per second, PAL codification, MPEG-4 format codified in H264, with a recommended weight of up to 1.5 GB. If you have any doubts about the format, if needed you can ask for details.

II-Shooting

To obtain the permit to film in Port Adriano the following is required:

- Fill in the authorization and the inscription sheets, that you can find under www.portadriano.com or at our offices and send it to cortos@portadriano.com
- Fill in an authorization sheet for every day of shooting. If you are going to shoot for various days in a row you can fill in only one sheet indicating all the dates.
- Once you have sent the authorization and the inscription, Port Adriano will reply to your request accepting your petition to come and shoot or we will call in case of any doubt on your request.
- Make sure to add your contact details and send you request with time to ensure a better organization of the shooting/Works.
- The authorization will be validated by email from Monday to Friday during office hours.

Port Adriano will authorize the shooting only when this action does not hinders the regular transit of clients and boats and the normal activity of the port. If the organization detects that the use that the participants take of the port is abusive or affects to the regular activity, the filming will be stopped and the authorization revoked at that same moment. If you think that you will need a special need during your shooting please inform us in advance in order to organize it better.

The recommended hours to shoot is from 9:00am to 8:00pm. If you wish or need to shoot out of this time frame, it is also possible, but filming during the night is more complicated, thus you will need a special request. When you fill in your request forms, your estimated time frames of shooting must be specified.

The permits to shoot within the port shops/restaurants/offices is not of Port Adriano 's competence, but of the own shops/restaurants/offices. Therefore all the scenes that might occur inside these units will have to be approved by the business manager. Port Adriano is not responsible of each business decision to participate or not. We recommend to ask for permission to the business manager at least a few days in advance to ensure your work there. In our website you can find all the telephones and images of each business located within the port.

It is not permitted to shoot on the moored boats and Yachts, neither is to film the name of the boat or a scene where the name is recognizable, unless you have been allowed directly by the owner. The boats are of private property therefore it is not allowed the access to them. In case this may occur the contestants will be dismissed of the contest and legal actions would be taken. It is forbidden to shot in the outer wall of the port.
